

RESEARCH AND ACCOUNTABILITY: OFFICE OF STATE ASSESSMENTS

Read Aloud Identification Guide

Rosters for EOG, EOC and NCFE assessments will be placed in RADD for review as well as identifying students who have the Read Aloud accommodation.

Please print the rosters and label the students who have Read Aloud accommodations in the manner shown below. RA represents Read Aloud and the number next to it indicates the group number.

Once you have properly labeled all of your Read Aloud students as well as their group number assignments, please scan the rosters, save them as a PDF locally, and upload them into your school folder in RADD. Please make sure you upload them to your school folder

- > Select the respective **EOG, EOC or NCFE** folder
- > **2017-18** subfolder
- > **Rosters** subfolder

For those schools electing to test via the Paper/Pencil version, the Office of State Assessments **will** use the labeled and uploaded rosters to precode answer documents and pack testing materials for each school. If your school has elected to test via Online, we do not expect that you will post these rosters back to RADD; however, there may be circumstances that prove necessary to have answer documents precoded, so you should consider utilizing these rosters to keep track of your read aloud students in case we need them in a worse case scenario.
